BRIEF ABSTRACT OF LETTER.

Forwards for sanction an Estimate for Rs 5022/-
the cost of repairs to be executed to the Sri
Lakshminarasimha Swami Temple at Hulikal
Nagar Taluk.

NOTES AND ORDERS.

Even after waiting the claim for
charges under "Work of plant charges, the
revised Estimate of the P.W. D is in excess
of the ^{original} Estimate by Rs 682. The muz Com
in suggesting ways & means for the debit-

Serial
No.

of the charge under different heads makes out that about Rs 1440/- will have to come out of the interest earnings of the General Muzrai Funds. It is for consideration, under the circumstances, whether the Exchequer estimated cost of about Rs 682 may also be debited to that head - viz interest earnings of the Muzrai Funds - without enhancing the quota debitable to either the devotes contribution or the trenching upon the funds of the institution which is barely about Rs 1504 only -

2 Subd with a draft for order
14/5 3 The cost viz Rs 5022 has to be met as follows: -

Rs 1588 to be contributed by devotes in the shape of labours

Rs 1000 from the funds of the temple

Rs 2622 from int. earnings of the Genl Muzrai

Rs 5022 -

4 Draft order direct Secy subd, for approval.

of 1925.

Serial
No

items of work included in the estimate are quite necessary, is a point on which it is desirable to have the definite opinion of the Deputy Commissioner. The institution is reported to have had a balance of Rs 1,504 on 23rd June 1924. More than two years have since elapsed and it is well to know what is the present balance. It is not right to draw upon the interest income of the General Muzrai Fund for all institutions whatever their importance. Whether all the items of work for which provision is made in the estimate are necessary and urgent, may be ascertained and information may also be obtained as to what is the present balance at the credit of the institution. If all items of work proposed are quite necessary and the institution has the money, the estimate may be sanctioned. As regards ~~the~~ contributions by the devotees, it is desirable that they are related to the treasury before the work is undertaken. Otherwise, the probability is the progress of the work will be retarded. It is not possible to right to under^{take} the work in the expectation that contributions will be received.

Repairs to the Sri Lakshminarasimhaswami Temple at Hulikal
in the Nagar Taluk.

Adverting to correspondence ending with this office D.O. letter No. 208 dated the 18th February 1926, I have the honour to forward herewith letter no. C.1426/22-23 dated the 17th January 1926 together with its enclosures received from the Muzrai Commissioner in the matter of repairs to the Sri Lakshminarasimhaswami Temple at Hulikal in the Nagar Taluk. The estimate amounting to Rs 4,340 referred to therein being defective in certain respects, a fresh one was called for from the Executive Engineer. It amounts to Rs 5,022 and is forwarded for sanction.

2. No provision on account of the usual Establishment and Tools and Plant charges has been made in the estimate as a portion of the cost is recommended to be met from the interest earnings of the General Muzrai Fund.

3. The favour of immediate sanction to the estimate is requested, so that the work may be started at once in order that the amount proposed to be met from the General Muzrai Fund may not lapse.

I have the honour to be,
Sir,
Your most obedient servant,

John Bore28-4-26
Chief Engineer of Mysore.

47

Letter No.C.1426/22-23 dated the 17th January 1925 from the Muzrai Commissioner in Mysore to the Secretary to Government Revenue department, through the Chief Engineer of Mysore.

In continuation of this office No.C.1426 of 22-23 dated 20th November 1924 re repairs to the Sri Lakshminarasimha Rami Temple at Mulikal Nagar Taluk, I have the honour to forward herewith correspondence ending with letter No.C.513 of 21-22 dated the 4th January 1925 from the Deputy Commissioner, Shimoga District submitting for sanction an estimate for Rs 4,340 for the repairs of the Institution prepared by the Executive Engineer Shimoga Division and to state as follows:-

The Dharmadarsis and the devotees of the temple having petitioned to the Dewan during his tour in the District in 1923 a report was called for from the Deputy Commissioner Shimoga District. He now submits the above estimate for sanction and recommends that since the devotees cannot pay more than Rs 1,500 as their contribution which they promise to do in the shape of labour a sum of Rs 1,000 may be apportioned from the funds at the credit of the Institution which is reported to be Rs 1,504 and odd and the balance paid from the interest earnings of the General Muzrai Fund. The sum of Rs 400 claimed for establishment, tools and plant charges will have to be deducted out of the total amount in case contribution is paid from the interest earnings as proposed above.

As the Institution is reported to be badly in need of repairs, I request that the estimate for Rs 4,340-400) 3,940 might be sanctioned, the cost being met as follows:-

Rs 1,500 promised by the devotees in the shape of labour
Rs 1,000 from the funds of the Institution
Rs 1,440 being paid from the allotments for 1925-26
from the interest earnings of General Muzrai funds.

Rs 3,940

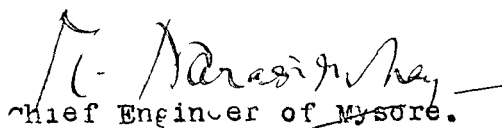

As the outer prakaram is reported to be in danger of collapsing if not immediately attended to, I request that the

estimate may be sanctioned early with permission to start the work commencing with the most dilapidated portions this year the cost being met out of the devotees promised contribution and the funds of the temple the government grant from the general Muzrai funds being placed at the disposal of the Public Works department in the early ~~report~~ part next year, i.e., in next July or so.

As the Pharamdarsis have to contribute their portion in the shape of labour and as they desire to have the work carried out by them (vide their resolution in their meeting held on 6th December 1924) I recommend that the work may be given to them for contract under the supervision of the public works department.

The estimate and the file of papers received with the Deputy Commissioner's letter are enclosed for reference and favour of early orders.

N. 1654 Enss 5th P. 11
May 293-25-2
25/6/26

To

The Chief Engineer of Mysore.

Sir,

With reference to your letter No. 12340 dated 30th April 1926 requesting sanction for an estimate for Rs. 5,022 towards the repairs of the Sri Lakshmi-narasimhaswami temple at Hulikal in the Nagar Taluk, I am directed to state that the Deputy Commissioner may be requested to report, after enquiry, if all the items provided in the estimate are absolutely necessary, ~~and~~ the amount at the credit of the institution at present, and the sum that can be spared for the restoration of the temple. The temple would appear to be one of minor character and Government do not consider that it is justifiable to draw upon the interest earnings of the General Muzrai funds for the restoration of temples of all degrees of importance. I am also directed to point out that the contributions from the devotees may be obtained in the form of money and credited to the treasury. The question of sanctioning the estimate will be considered if a report is obtained from the Deputy Commissioner on all the points referred to above. The estimate may also be countersigned by him and forwarded to Government very early.

I have &c.,

Sir,

With reference to your letter No. 1435/Muz. 293-25-4 dated 5-2-1927 regarding the repairs to the Sri Lakshminarasimha Swami temple at Hulikal in Nagar Taluk, I have the honour to state that the funds at the credit of the institution falls far short of the amount of the estimate. In his letter No. 1650/Muz. 293-25-2 dated 25-6-1926 to the Chief Engineer, the Secretary to Government, Revenue Department observed that the temple being one of a minor character it was not justifiable to draw upon the interest earnings from the General Muzrai Funds for the restoration of the building. The Dharmadarsis of the temple state that they cannot at the outset ~~deposit~~ deposit the promised amount of subscriptions but that they should be allowed to undertake the repairs work, themselves without reference to the estimate prepared by the D.P.W. The matter is under correspondence and after receipt of the report from the Sub Division Officer, Nagar, the records will be submitted to the Muzrai Commissioner.

SIR,

Subject - Repairs to the Sri Lakshminarasimhaswami
Temple at Hulikal in the Warar TalukReply to
Reminder

With further reference to this office D.O. letter No. dated the 6th July 1928, I have the honour to forward herewith, for information, a copy of letter No. Muz.1-A.C.-399/26-27 dated the 31st May 1928, received from the Deputy Commissioner, Shimoga District. The Superintending Engineer, Shimoga Circle, has stated that he inspected the temple in May 1928 and found that very substantial work has been done by the Dharmadarsies. The value of the work as now carried out is reported to be worth 2,000/-, by the Deputy Commissioner.

2. Copies of letters No. 110 dated 28th August 1928, from the Superintending Engineer, Shimoga Circle, are herewith forwarded, for information.

3. The estimates amounting to Rs. 5,000/- may, under the circumstances, will be recorded, as no action is necessary thereon.

I have the honour to be,
Sir,
Your most obedient servant.

Letter No. Muz.L.A.C.399/26-27 dated 31st May 1928, from the Deputy Commissioner, Shimoga District, to the Muzrai Commissioner in Mysore, Bangalore.

Repairs to temple - Sri Lakshminarasimhaswami Temple
Hulikal, Nagar Tq.

With reference to correspondence ending with your letter No. C.1415/26-27 dated 26th March 1927, re: the above, I have the honor to submit herewith a detailed report of the Nagar Amildar received with records with Memo No. A.C.115/26-27 dated 10th March 1928 of the Sub Division Officer, Sagar Sub Division

2. It is ascertained that the Dharma Darsis and the devotees of the temple have already effected repairs to the temple building from out of subscriptions collected by themselves and that the value of the work executed is worth nearly Rs 2,200/- excluding of course the establishment, tools and plant charges, vide estimate prepared by the Village Panchayet Inspector for Rs 2,191/-. In addition to this, it is stated, they are going to undertake some other items of work estimated to cost Rs 2,460. The records contain an estimate for Rs 85/- sanctioned in this Office under No. N.Dis.O.S.900/24-2, dated 22nd May 1928, for some urgent items of repairs to this temple. The Amildar reports that this amount which has not been paid to the Dharma darsis in consideration of the heavy cost they have incurred, I consider that the proposal equitable and request sanction for payment of the amount.

3. The estimate enclosed in the records prepared by the Public Works Department for Rs 5,022/- does not therefore need sanction, since the devotees themselves have in their devotion done the necessary repairs without any substantial help from the temple funds. The Amildar recommends that in recognition of the zeal the devotee have evinced and the expenditure they have incurred in this respect, a grant of Rs 1,000/- may be sanctioned as a special case towards the cost of the further work they have undertaken, either from the State Fund or the General

T; favour of early orders is solicited in the m

N.J.P.

Repairs to Sri Lakshminarasimhaswamy Temple at
Hulikal, Nagar Taluk.

With reference to your D.O.No.19 dated 5/6th July 1928, on the above subject, I have the honor to forward herewith, for your information, copies of Shimoga District Treasury Deputy Commissioner's letter No. Muz.LAc.729/16-27 dated the 1st May 1928 to the Muzrai Commissioner in Mysore and that of the latter's reply to the Deputy Commissioner on the subject. It will be seen from the correspondence that the question of modifying the estimate has to be dropped, as no estimate is required to be sanctioned for the work as stated by the Deputy Commissioner in his letter. I inspected the temple in May last and found that very substantial work has been done by the Dharma Darsis. The value of the work done is worth over Rs 2,000/- as the Deputy Commissioner says. His recommendation to give a grant of Rs 1,000/- from Muzrai funds, deserves --- favourable consideration as it represented less than 50% of the value of work turned out. The Executive Engineer will be asked to furnish an estimate only for the work remaining to be done.

Copy.
